|    |   | DBS Bank may also direct the Issuer to redeem the SPV Preference Shares, in whole but not in part, on (i) any day while a Tax Event continues and (ii) any day while a Change of Qualification Event continues, for cash at the Redemption Price. On any day while a Tax Event or Change of Qualification Event continues following the occurrence of a Substitution Event, the SPV Preference Shares are also subject to substitution by way of redemption for Substitute Preference Shares (which shall be deemed to be immediately issued and credited as fully-paid, on the basis of one Substitute Preference Share for one SPV Preference Share redeemed). |

**Redemption Price** means, with respect to any SPV Preference Share, an amount equal to:

- the Liquidation Preference of that SPV Preference Share; plus
- subject to the limitations and qualifications described in the Issuer Articles and unless a Dividend Limitation Notice is in effect, an amount equal to any accrued but unpaid Dividends (whether or not declared) in respect of that SPV Preference Share for the period commencing from (and including) the first day of the Dividend Period in which the relevant redemption falls and ending on (but excluding) the relevant redemption date.

**Liquidation Preference** means S\$250,000 for each SPV Preference Share.

#### Change of Qualification Event means as a result of:

- any change or proposed change to the relevant requirements issued by the MAS in relation to the qualification of the SPV Preference Shares as Tier 1 capital securities of DBS Bank or to the recognition of the Preference Shares as capital for calculating the Tier 1 and total capital adequacy ratios of DBS Bank, in each case on a consolidated or unconsolidated basis:
- any change in the application of official or generally published interpretation of such relevant requirements issued by the MAS or any relevant authority (including a ruling or notice issued by the MAS or any relevant authority); or
- any interpretation or pronouncement by the MAS or any relevant authority that provides for a position with respect to such relevant requirements issued by the MAS that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written statements made by any authority regarding the qualification of the SPV Preference Shares as Tier I capital securities of DBS Bank or to the recognition of the SPV Preference Shares as capital for calculating the Tier I and total capital adequacy ratios of DBS Bank, in each case on a consolidated or unconsolidated basis,

which change or amendment,

- (1) (subject to (2) below) becomes, or would become, effective on or after the Issue Date; or
- (2) in the case of a change or proposed change to the relevant requirements issued by the MAS, if such change is issued or is expected to be issued by the MAS, on or after the Issue Date,

the SPV Preference Shares would not qualify as Tier I capital securities of DBS Bank.

#### Tax Event means that:

 as a result of (1) any change in, or amendment to, any law or regulation in Singapore or the Cayman Islands or any

political subdivision or any authority thereof or therein having power to tax or (2) any change in the general application or official interpretation of any law or regulation by any relevant body in Singapore or the Cayman Islands:

- the Issuer would be subject to more than a de minimis amount of tax in Singapore or the Cayman Islands;
- payments to Holders with respect to the SPV
  Preference Shares would be subject to deduction
  or withholding for or on account of tax or would
  give rise to any obligation of DBS Bank or the
  Issuer to account for any tax in Singapore or the
  Cayman Islands; or
- payments by DBS Bank in respect of the Subordinated Note would be subject to deduction or withholding for or on account of tax in Singapore or the Cayman Islands,

and in each case such obligation cannot be avoided by DBS Bank or the Issuer, as the case may be, taking reasonable measures available to it; or

 there is more than an insubstantial risk that DBS Bank would no longer obtain relief for the purposes of Singapore corporation tax for any payment of interest in respect of the Subordinated Note.

#### Substitution Event means:

- (1) the consolidated total capital adequacy ratio or Tier 1 capital adequacy ratio of DBS Bank and its subsidiaries or DBS Bank's unconsolidated total capital adequacy ratio or Tier 1 capital adequacy ratio, in each case calculated in accordance with the MAS' published consolidated or unconsolidated capital adequacy requirements from time to time applicable to DBS Bank, falls below the then applicable minimum ratio applicable to DBS Bank and/ or DBS Bank Group;
- (2) the Board of Directors of DBS Bank has notified the MAS and the Issuer that it has determined, in view of DBS Bank's deteriorating financial condition, that any of the events described in (1) above is expected to occur in the near term;

Position in subordination hierarchy in liquidation (specify instrument type immediately senior to instrument)

In the event of the commencement of any dissolution or winding-up of the Issuer (other than pursuant to a Permitted Reorganisation) before any redemption of the SPV Preference Shares or any substitution of the SPV Preference Shares with Substitute Preference Shares, Holders will, subject to applicable laws, be entitled to receive from the Issuer an amount up to the Liquidation Distribution in respect of each Preference Share held solely out of the assets of the Issuer available for distribution under applicable laws. Such entitlement will rank after payment or settlement of the claims of:

- · all other creditors of the Issuer; and
- persons with claims against the Issuer which are not Parity Obligations nor subordinated to the SPV Preference Shares.

#### Parity Obligations means:

- in relation to DBS Bank, any preference shares or other similar obligations of DBS Bank that constitute Tier I capital of DBS Bank on an unconsolidated basis or have characteristics similar to securities that could qualify as Tier I capital of DBS Bank on an unconsolidated basis and are not expressly stated to rank in all material respects senior or junior to:
  - the Subordinated Guarantee; or
  - o any other guarantee given or support agreement entered into by DBS Bank in respect of any preference shares, or other preferred securities (not constituting debt obligations) having in all material respects the same ranking as preference shares, issued by any subsidiary of DBS Bank (other than the Issuer) that constitute Tier I capital of DBS Bank on an unconsolidated basis or have characteristics similar to securities that could qualify as Tier I capital of DBS Bank on an unconsolidated basis and are not expressly stated to rank in all material respects senior or junior to the Subordinated Guarantee; and
- in relation to the Issuer, any preference shares or other similar obligations issued by the Issuer that constitute Tier I capital of DBS Bank on an unconsolidated basis or have characteristics similar to securities that could qualify as Tier I capital of DBS Bank on an unconsolidated basis and are not expressly stated to rank in all material respects senior or junior to the SPV Preference Shares.

| 36 | Non-compliant transitioned features    | Yes  |
|----|--|--|
| 37 | If yes, specify non-compliant features | The amended MAS Notice 637 issued on 14 September 2012 and revised from time to time stipulates that to qualify as Additional Tier 1 Capital, the capital instrument shall meet certain requirements, including:   |
|    |  | <ul> <li>i. there are no step-ups or other provisions that<br/>mandate or create an incentive for the Reporting Bank<br/>to redeem the capital instrument; and</li> </ul>  |
|    |  | <ol> <li>the terms and conditions of the capital instrument<br/>contain provisions which ensure its loss absorbency at<br/>the point of non-viability that meet the requirements<br/>set out in Annex 6B of MAS Notice 637.</li> </ol>   |
|    |  | The Preference Shares do not meet these requirement as:  |
|    |  | <ol> <li>the Preference Shares provide for a step-up in the<br/>dividend rate. As described in paragraph 18, the initial<br/>interest rate to 15 June 2018 is 5.75%. The credit<br/>spread at pricing was 2.415%. Thereafter, if the<br/>Preference Shares are not redeemed, the dividend<br/>rate will become 3-month SGD Swap Offer Rate plus<br/>3.415%; and</li> </ol> |
|    |  | ii. they do not have a provision that requires them, at the option of the Authority, to either be written off or converted into Common Equity Tier 1 Capital upon the occurrence of a trigger event.   |

- (2) in the case of a change or proposed change to the relevant requirements issued by the MAS, if such change is issued or is expected to be issued by the MAS, on or after the Issue Date.

the Preference Shares, in whole or in part, would not qualify as Tier 1 capital securities of DBS Bank (excluding, for the avoidance of doubt, non-qualification solely by virtue of DBS Bank already having, or coming to have, on issue securities with an aggregate principal amount up to or in excess of the limit of Tier 1 capital securities permitted pursuant to the relevant legislation and statutory guidelines in force as at the Issue Date).

Tax Event means that as a result of (1) any change in, or amendment to, any law or regulation of Singapore or any political subdivision or any authority thereof or therein having power to tax or (2) any change in the general application or official interpretation of any law or regulation by any relevant body in Singapore, in each case after the Issue Date, payments to Holders with respect to the Preference Shares would be subject to deduction or withholding for or on account of tax or would give rise to any obligation of the Issuer to account for any tax in Singapore, and such obligation cannot be avoided by the Issuer, as the case may be, taking reasonable measures available to it.

| 36 | Non-compliant transitioned features   | Yes   |
| 37 | If yes, specify non-compliant features  | The amended MAS Notice 637 issued on 14 September 2012 and revised from time to time stipulates that to qualify as Tier 2 Capital, the capital instrument shall contain provisions which ensure its loss absorbency at the point of non-viability that meet the requirements set out in Annex 6B of MAS Notice 637.   |
|    |   | The Subordinated Notes do not meet this requirement as they do not have a provision that requires them, at the option of the Authority, to either be written off or converted into Common Equity Tier 1 Capital upon the occurrence of a trigger event.   |
