

# THE FUTURE OF BUSINESS

At DBS, we believe in being a force for good. Apart from creating long-term economic value, we also seek to positively benefit the communities we are present in, and deliver social value.

- 1 Two hundred organisations and 8,000 participants run for a cause at the POSB Passion Run for Kids, raising \$1 million for underprivileged children
- 2 DBS Hong Kong creates opportunities for students to understand more about social enterprises, gain business experience and serve the local community
- 3 Singapore's Deputy Prime Minister Tharman Shanmugaratnam interacting with social enterprises supported by DBS
- 4 DBS was the first to launch a social enterprise banking package in 2008, and further enhanced our offerings in 2012
