<td><strong>Digital Transformation</strong>&lt;br&gt;Ecosystems&lt;br&gt;Grow ecosystem partnerships</td>
<td>Leverage ecosystems and our digital footprint to grow digital interactions with customers</td>
<td>We launched the world’s largest banking application programming interface (API) developer platform, making available a wide array of APIs for external partners to plug into. We have since published over 180 APIs and connected with more than 60 partners. We grew our digital footprint, broadened access to customers, increased our social media fanbase by 15% to 8 million and grew engagements by 12 million through the SPARKS mini-series.</td>

<td><strong>Engage</strong>&lt;br&gt;Grow customers’ digital engagements with the bank</td>
<td>Drive engagement of customers through digital channels</td>
<td>The use of big data analytics and models has allowed us to better engage customers in contextual marketing, resulting in a double-digit increase in campaign revenues for CBG in Singapore and allowing us to garner incremental deposits in the SME space.</td>
</tr>
<tr>
<td>Capturing value created from digitalisation</td>
<td>Grow digital customers (Consumer and SME, Singapore and Hong Kong)</td>
<td>The number of digital customers increased from 2.2 million in 2016 to 2.5 million in 2017. (6) A digital customer has either (within the past 12 months): (i) made a product purchase or segment upgrade via a digital channel; (ii) done more than 50% of financial transactions via digital channels; (iii) done more than 50% of non-financial transactions via digital channels.</td>
</tr>
<tr>
<td>Reimagining customer and employee experiences</td>
<td>Drive journey thinking and demonstrate outcomes from journeys started in 2016</td>
<td>448 journeys across the bank, with 71% of them delivering or having delivered outcomes during the year. In total, 1.1 million customer hours and 327,000 employee hours were saved. Many of these journeys leverage data analytics to make banking joyful for both customers and employees.</td>
</tr>
<tr>
<td>Creating a start-up culture</td>
<td>Incubate a start-up culture and mindset</td>
<td>We made good progress, with many of our people embracing a spirit of experimentation and innovation through immersion programmes, experiential learning platforms and ecosystem partnerships. During the year, over 15,000 employees were involved in immersion programmes such as hackathons, incubators, accelerators and partnerships with the fintech community. We are seeing progress in changing the way we work to be more agile and nimble. Increasing pockets of the bank are adopting agile @ work across business and support units. We drove the use of data and analytics, increased data resources embedded with the business and support units, and pioneered a new meeting culture to increase meeting effectiveness. We expanded our JoySpace programme, investing in transforming spaces to build a start-up culture, foster collaboration and ideation, and enable the future way of working. Close to 300,000 square feet of JoySpace has been created through the programme in 2017, impacting over 4,000 staff in the region. The organisation is now on Office365, a cloud-based collaborative platform. During the year, we further drove its adoption and usage.</td>

**Engage**<br>Grow customers’ digital engagements with the bank | Drive engagement of customers through digital channels | The use of big data analytics and models has allowed us to better engage customers in contextual marketing, resulting in a double-digit increase in campaign revenues for CBG in Singapore and allowing us to garner incremental deposits in the SME space. We improved the user experience in our retail digital platforms, resulting in higher usage rates and better user ratings. Digital customers are more engaged. For example, users of our OMNI credit card companion app in Hong Kong grew more than 50% year-on-year (yoy) with users spending 2.5 times more than non-users. We offer differentiated insights on key Asian economies and industries via our Asian Insights platform across our digital channels. The traffic to our Asian Insights content continues to grow. We observed a 59% increase in monthly page views yoy as a greater number of customers value our depth of insights and advice. |
