

PLANNING FOR THE GREY DAYS AHEAD

Asia's aging population continues to grow at an unprecedented rate.
How will this impact you?

By 2050,
approximately **two-thirds**
of the world's elderly will
come from **Asia**

China
will have
400 million
people aged
65 and over

Hong Kong
will see every **2 workers**
supporting **1 elderly**

Taiwan will be the
4th oldest population
in the world*

Singapore's
median age will rise
from the current **41**

*U.S. Census Bureau, 2016

That means...

**Asia will undergo
profound changes.**

**Greater demand for workers
with cross-disciplinary skills**

**Rise of the
'smart' industry**

**Accelerated development of
eldercare services and products**

**These changes will
affect you personally**

**You will probably
work past your
retirement age**

**You will
likely outlive
your savings**

Be informed.

Start planning for your retirement.

How can we help? Here are some tips:

Start now

Plan early, and plan for contingencies to maximise rewards

Be specific

Formulate concrete steps according to current and future goals

Be strategic

Diversify investments across various sectors and assets

Be disciplined

Develop actionable rules and stick with them to achieve your target

Consult experts

Have a private yet frank discussion to assess and plan ahead
