RACE DAY

No on-ground registration is required. Make your way to the Bag Drop tent to store your belongings before reporting to the holding area 30 minutes before your flag off time. Please allocate some time to queue and drop off your belongings.

RACE FORMAT

Timing for the entire run will be recorded, from entrance to exit point. Day 1 and Day 2 are Qualifying Rounds where the top half with the fastest timings in each category will move on to Day 3 to compete again in the Semi-Finals. The top half from Day 3 will advance to the Finals in Day 4 with slight modifications in difficulty to the obstacles.

For Mixed Team category, the whole team of 4 will race together and average time as a team will be taken.

The overall champion in each category will be selected based on total time taken for the entire race from flag-off to the finishing line.

A maximum of 10 minutes will be given to participants to complete the course from flag-off to the finishing line, otherwise they would be deemed disqualified.

A time penalty of 30 seconds will be given to those who fail to complete an obstacle. Participants who fail to complete at least 50% of the obstacle course will not be considered to advance to the next round.
